

5 Little Pumpkins

There were 5 little pumpkins in a patch all alone.

The 1st one said, "I wish a child would take me home!"

The 2nd one said, "Don't you worry, fuss, or fret!"

The 3rd one said, "I'm as orange as I can get!"

The 4th one said, "I see children by the house!"

The 5th one said, "Shshshs! Let's be quiet as a mouse!"

Then the children picked the pumpkins from the patch
with such delight~

The pumpkins are going home to be carved for
Halloween night!
