STEM Make It Move Challenge Bags

Materials needed:
* 15 Wikki Stix (have assorted colors to choose from)
* 4 Cardboard Tubes (per student or small group)
* 4 Disposable Cups (Paper or Plastic)
* Scissors

Directions: Give each student (or small group) a challenge bag with materials. Each group must design and build something that will MOVE with the bag's items. Time limit: 25 minutes. The groups do not have to use ALL the items for the challenge, but no more materials will be given! Good luck!
